What can I find in the ECG Wiki?

The ECG Wiki is

- an **information platform** that provides an overview of all relevant information about the movement
- a **communication platform** on which we can network with other people in our movement
- a **working platform** where we create, share, discuss and store our ideas, projects and documents

You can learn about the Economy for the Common Good (ECG) movement:

- How is the movement structured?
- What kind of topics are we working on?
- What projects are currently underway?
- Who is doing what type of work?
- and much more...

Some typical questions you might have
