**What can I find in the ECG Wiki?**

The ECG Wiki is
- an information platform that provides an overview of all relevant information about the movement
- a communication platform on which we can network with other people in our movement
- a working platform where we create, share, discuss and store our ideas, projects and documents

You can learn about the Economy for the Common Good (ECG) movement:
- How is the movement structured?
- What kind of topics are we working on?
- What projects are currently underway?
- Who is doing what type of work?
- and much more...

And what you do not find here, is probably in one of our applications on [my.ecogood.org](http://my.ecogood.org)
